

Blindcrake Village Hall Environmental policy

Policy statement

The Management Committee of Blindcrake Village Hall considers the protection of the environment to be of major importance. The Management Committee aims to carry out its activities with in a sustainable way, actively seeking to protect and enhance the local environment within its area of operation and to reduce the wider environmental impact of the Hall's activities.

Policy measures

We will

- Meet all relevant environmental legislation and regulations
- Ensure that energy is used efficiently and where possible reduce its use
- Use water carefully and efficiently
- Avoid pollutants entering the drainage system
- Avoid the production of material waste including unnecessary packaging
- Encourage re-use, repair and recycling of materials
- Dispose of waste in a safe and responsible way
- Buy products and services which produced in an environmentally manner wherever possible
- Use locally made products and services where possible
- Use electronic communication where possible to reduce the use of paper
- Aim to reduce the carbon footprint of the Village Hall building in any refurbishment and improvement work we undertake
- Encourage users of the Village Hall to travel on foot or bicycle, and to share transport where possible
- Facilitate the provision of social activities within the Parish to reduce the need to travel

The policy and its implementation will be monitored and reviewed regularly. A copy of the policy will be displayed in the Village Hall
